SPECIALISTS NUR 860

Sections 732 & 736 2

Credits Spring 2015

Catalog Course

Description: Development

of advanced health history

and physical assessment

skills for Clinical Nurse

Specialists (CNS).

PHYSICAL

ASSESSMENT FOR

CLINICAL NURSE

SPECIALISTS NUR 860 -

Cranial nerves are the

nerves that emerge directly

from the brain (including

the brainstem), in contrast

to spinal nerves (which

emerge from segments of

the spinal cord). 10 of the

cranial nerves originate in

the brainstem. Cranial

nerves relay information

between the brain and parts

of the body, primarily to

and from regions of the

head and neck. Cranial

nerves - Wikipedia -
